Saturday Spring Target Sessions

In this 3-week Target Lesson program, we establish the foundation for young people to become life-long players of the game. They have fun learning skills of the game and are provided opportunities for appreciating the game. We introduce skills such as using good judgment, confidence and approaching adversity with a level head and incorporate them into each lesson. Target sessions are a true introduction to the game of golf that will establish an excellent foundation to move through all of the programs offered by Greenfield Park Golf Course.
